

### *Attempts at Haiku*

1.

In an afternoon  
Walking along the corridor  
Flooded in sunlight  
I peered at the sky  
From inside the tall shadows

2.

Reach a dreamy state  
Totally selfish  
No one else matters  
Except for myself

3.

Rise and Fall  
Do we know  
How will we last?  
As stars watch us born  
And bid us be gone  
In the end,  
They burst

4.

A note rings out  
It is sustained  
Like a violin's  
Trembling string  
A finger touches  
It screams  
As it dies

5.

His? Her? Ours?  
Mine? Or Yours?  
Whose life is it?  
Why must we care?  
Down with our mistakes!
