Dear Eva:

All the information for evaluating the simulated “job performance” for the students who were “hired” in the fall is ready. The New Jersey Education Association has agreed to contribute \$200 toward our awards. As I have indicated in the past I am hoping that your company will contribute to this award fund also. The awards will be given on Thursday, June 17 at 10:00 am in the morning at an awards assembly at our school. What I need you to do is:

- 1. Rank the students listed on the attached spreadsheet as Fired, Retained or Promoted. It will be helpful for the awards if those retained and/or promoted could be ranked in order.**
- 2. See if it's possible for your company to add to our \$200 award fund. All awards will be in the form of Wal-Mart gift certificates of a denomination to be determined. As I said on the phone I will need to have a “bill” for \$200 in gift certificates in order to collect the funds from NJEA.**
- 3. Of course, you or your representative is invited to the awards assembly.**

Thanks for all your efforts. I hope to hear from you soon, John
