

# Planetarium Schedule at Chaffey College

DANIEL B. MILLIKEN PLANETARIUM

5885 Haven Avenue

Rancho Cucamonga, Ca. 91737

Presenter: Mark Provence - Ph: (909) 941-2758

## PUBLIC SHOW SCHEDULE - 1999

All Shows begin at 7:00 P.M. - Admission: \$4.00 per person

Telescope viewing after shows, weather willing

Dates	Title
January 8, 15, 22, 29	Milky Way Galaxy Tour
A photographic tour of our Milky Way Galaxy is conducted, showing nebulae, star clusters, and stars which our galaxy is made of. The shape of our galaxy is discussed, and our approximate position displayed.	
February 5, 19, 26	Our Solar System
A multi-media presentation of slides and video takes you through an overview of all the members in our area in space that orbit the Sun. Planets, moons, asteroids, and comets are discussed.	
March 5, 12, 19, 26	Hubble Views the Universe
A view of our Universe from the Hubble Telescope. We will show pictures from the Hubble Space Telescope within our Solar System, inside our galaxy, and outside to other galaxies.	
April 2, 9, 16, 23, 30	Comets – The Cosmic Wanderers
An in depth discussion on comets and their role in our solar system, and what they are made of. History of comets are discussed, and "killer" comets and asteroids are explained.	
May 7, 14, 21	Finding Your Way in the Sky
Slide show overview of the sky throughout the year showing the neat things both natural and manmade in the night sky. Constellations are emphasized, with real sky as well as "cartoon" pictures to help "connect the dots" in the sky. This show is great for Scout groups.	
June 4, 11, 18, 25	Milky Way Galaxy Tour
A photographic tour of our Milky Way Galaxy is conducted, showing nebulae, star clusters, and stars which our galaxy is made of. The shape of our galaxy is discussed, and our approximate position displayed.
