The Society of Petroleum Engineers (SPE) Brunei Section took the rare opportunity to meet the 2003 SPE President Elect, Mr Andrew Young, during a dinner held at Brunei Shell Marketing Sendirian Berhad building on 28 May 2002. Mr Andrew Young is amongst those attending the GASEX 2002 in Brunei Darussalam.

Present to deliver the welcoming note on behalf of the Chairman for SPE Brunei Section was Awang Haji Hussin Ali, Vice-Chairman of the Section. Other attendees included Executive Committee and Committee members, members other SPE regional members who were attending GASEX2002.

Hj Kamaludin Bungsu, the Section's Treasurer, in his brief presentation shared with the audience the Section's achievement and activities.

In return, Mr Andrew in his presentation titled "The Future of SPE and Current Best Practices" amongst others touched upon the Society's mission statement and the need to engage other disciplines downstream of the industry to the Society activities. The function ended with a momento to the visiting President by Hj Hussin Ali, Vice Chairman of the SPE Brunei Section.
