## **SPE BRUNEI SECTION NEWSLETTER**

Well, what has happened since the inauguration of the SPE Brunei Section in September. I am sure the end of the year reviews & holiday, the New Year, Fasting month, Hari Raya and Chinese New Year festivities had overtaken our activities. On behalf of the interim committee, we will strive to ensure that the Brunei section survives. We will be holding our first meeting combined with AGM on April 6, 1997 at 09:00am in the Room Padang Berawa, 2nd Floor of Petroleum Unit Building, Jalan Menteri Besar, Bandar Seri Begawan.

The main Agenda is the election of a committee and discussion on the Section programme for 1997/99.

Last September, an Interim Committee has been set up to initiate the SPE launching. The next stage is to have by an AGM where by an election will be carried out, to finalise an executive committee. The interim chairman has approved the nominating committee who has determined those qualified to serve as officers and executive members. However an additional nomination may be made by filling the attached nomination form and send to the secretary by 27 March 1997.

We need your involvement to further the mission of the Section by transferring technical information via meeting, etc. The Section meeting will provide focused topical developments for members to keep abreast of technology and trends in industry. We will also plan to hold general interest activities to help make the section fun while accomplishing worthwhile goals, e.g. career talks to students, etc. If you have good ideas, share them with us.

We look forward to seeing you at the AGM there. Tell your colleagues and friends to come.

For your general information, the 1997 SPE Asia Pacific Oil and Gas Conference & Exhibition will be held on 14-16 April, in Kuala Lumpur. If you needs further information, please contact Fatimah Ali, Tel 03-372865.

Lastly, I hope that everybody has paid up their 97 SPE membership dues.
