

This report will no longer be published. The same information is available via the myfantasyleague.com Web site for our league, <http://football.myfantasyleague.com/2005/home/46421>, and is OFFICIAL until further notice – no matter what it may say elsewhere on any Web page or report.

- One way to find this information on that Web site is to pull down the “Reports” menu, select “Franchise”, and then select “Weekly Results”. To see the underlying statistics for the points you will have to click on “detailed results” for the team you’re interested in.
