

Monticello, Minnesota is located on the Mississippi River, 29 miles northwest of Minneapolis; 27 miles southeast of St. Cloud. There is very easy access, with I-94 running right through Monticello. The Trumpeter Swan has become a symbol of Monticello, as hundreds of them winter over on the open waters of the river, thanks to the nearby power plant.

(The High School has a distinctive large arch which can be seen even from the freeway.)
From the Twin Cities, westbound on I-94, take the first Monticello exit, which is #195. You will be on Co. Rd. 75, going northwest, to the first stop light which is Fenning Ave NE/#11. Go left (south) on Fenning to School Blvd. Right on School Blvd to the High School which will be on your right.

From St. Cloud, eastbound on I-94, take Monticello exit #193, which is Co. Rd. 25. Proceed south on 25 to School Blvd, turn left on School Blvd and proceed to the high school, which will be on your left.
