

Correction to “An Electromagnetic Theory of Optical Waveguides with Multiple Embedded Cylinders”

K. M. LO

In the paper,¹ we found a few mistakes in the text, which are listed below, and Fig. 8 is not visible.

- Equation (13). For $(\beta^2 - k^2 n_c^2)^{\frac{1}{2}}$ read $(\beta^2 - k^2 n_c^2)^{\frac{1}{2}}$.
- Equation (20). For ϕ read $\phi_{i,j}$.
- Equation (70). For b read b' and vice versa.
- Equation (78). For $\eta_1^{(2)} + \eta_2^{(2)}$ read $\eta_1^{(2)} + \eta_2^{(2)}$.
- Page 400, 2nd column, line 9 from below. For $|m_2| \max$ read $|m_2|_{\max}$.
- Reference [4]. For *Optimiz. Lett.* read *Opt. Lett.*
- Fig. 8. Graphs are not visible and are reproduced here.

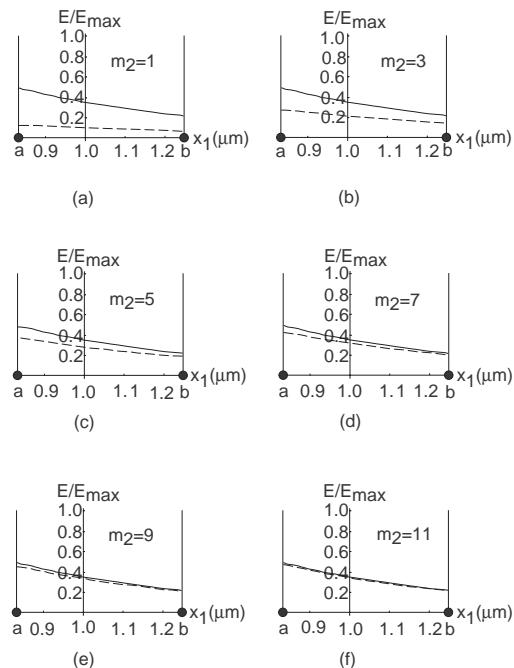

Fig. 8.
