

CYAN SERENADE

{INTRO}

[1'st Verse]

Went to my cube
Sat down in my chair
Called up my document
Started to edit
Then I got a start
What did I see
But a cyan screen
Staring back at me

[2'nd VERSE]

I went to another cube
Sat down in that chair
Called up my document
Started to edit
There it was again
Can't believe what I see
But a cyan screen
Staring back at me

[BRIDGE]

CYAN SERENADE

[3'nd Verse]

I went to another cube
Sat down in that chair
Didn't need my document
Some body beat me
It was already there
Can't believe what I see
A cyan screen
Staring back at me

[BRIDGE]

[Final Verse]

I left for another cube
Didn't get far
Saw Joe in the aisle
He wasn't moving
Just staring back at me
What do I see
But a cyan screen
Staring back at me

{END}
