

STUBBORN MAN

[INTRO]

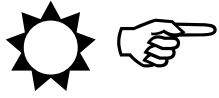

{CHORUS}

*Stubborn man better
Keep your head
Don't forget what your
Road map said
Stubborn change gonna
Come at last
Now She's cross
And we're
Totally lost
Stubborn man*

[VERSE]

I saw gas stations
And fruit stands
Tall white mansions
And cadillacs
Stubborn man when will you
Stop to ask
I heard screaming and
Bullwhips cracking
How long How long

{CHORUS}

STUBBORN MAN

[2'nd VERSE]

Liberty bell your shell is
Golden brown
I've seen no man map
Coming round
Swear by God
I'm gonna
Ask them now
I heard screaming and
Bullwhips cracking
How long How long

[BRIDGE]

[END]
