# MUSIC IN MY HEAD

**[INTRO]**

**[CHORUS]**
*I'm going crazy*
*With music in my head*
*Gotta get it out*
*Before I drop dead*

**[2'nd VERSE]**
Radiation Factory is quite a band
Making lots of music you can't stand
If you can just make a tune
Play it right upon your flute
Playing that guitar will make you numb
Listening to that beat could
Make a man cum

**[3'rd VERSE]**
Playing on the keyboard fingers flying high
If you can't sing it you're just lying
Beating on the drums bang boom crash
Let's take a break and smoke some hash
Playing on the keyboard fingers flying high
If you can't sing it you're just lying

**[BRIDGE]**

**[*CHORUS*]**
