

RADIATION FACTORY

{INTRO}

{1'st VERSE}

Radiation running through my veins
I don't even know my name
Never ever want to see
Another Radiation Factory

{2'nd VERSE}

Here comes my Sister, got one eye
Has to wet it down to cry
She's all mixed up genetically
Another Radiation casualty

{FINAL VERSE}

Up until the final hour
Mr. Man says "We Need Power"
Never ever want to see
Another Radiation Factory

{END}
