

Classie Lassie Facilities and History

The League began in 1974 with approximately 150 girls. Games were played at local schools. In 1983 seventeen acres were purchased for development into a girls softball facility. Initially, the League had 2 fields and an old milk truck serving as a concession stand.

Today, Classie Lassies has five fields and 430 girls registered in five divisions ranging in age from 5 to 16. The League has a snack bar, bathroom facilities, and a Pavilion. The League has a recreational season which runs from April through June and consists of 12 games. Classie Lassies also offers girls the opportunity for inter-league play averaging 12 games in the Hudson Mohawk League. Additionally, the league sponsors tournament teams which play in 3 to 4 tournaments and average 15 to 20 games. Last year we had over 80 girls on 7 teams that participated in Fall Ball on Sundays in September and October. The League also sponsors Pitching and All Skills clinics in the winter.
