Nine Star Ki seminar with Heluo - The Netherlands

Intensive weekend seminar Saturday and Sunday 18 and 19 March 2006 at 10:00-18:00

9 STAR PREDICTIONS FOR 2006

- We will be covering personal divination - and how it is done - for the 9 Stars in 2006.
- The how, why and dynamic reasoning behind - global - news events forecasting.
- You will be learning to single-handedly apply **all existing rules** for divination.

YOU'LL BE RETURNING HOME WITH THE SKILLS NECESSARY TO DO YOUR OWN DIVINATION OF PERSONAL AND GLOBAL EVENTS

Heluo will be covering to be expected global news events concerning the year 2006 (3 Wood). He will furthermore suggest individual recommendations of do's and do nots for all personal 9 Stars types for 2006.

Not only that. Much more than just sitting and listening passively to a teacher, this will be a **genuine and intensive class, i.e. most of this seminar yet to be particularly devoted to your own learning of how to incorporate profound and transparent Nine Star Ki rules and principles for divination in your own forecasting of personal- and global events. You don't want to miss this as you will be returning home with actual teaching and the step by step method to perform on your own.**

This means that **all existing rules needed in order for you to foresee 9 Stars tendencies both privately and professionally will be presented in abundance and further clarified, so that from here onward you can decide your do's and do nots for any year, month and day well in advance. You will be excited.**

About Nine Star Ki and forecasting events

Forecasting through 9 Stars is actually just a matter of "translating Stars into Events and Events into Stars". According to Nine Star Ki, years, months, days and hours run through recurring 9 year cycles. This indicates that not only can you look ahead in time, but you can make sense of past experiences. And it is easy to learn.

- From your year and month of birth come your personal three Stars, e.g. 9.4.1 (see tables at page 4).
- Your Stars then run through a complete cycle through the Magic Square every 9 years, months and days. You can thus actually plan ahead opportunities or anticipate setbacks for your private and professional life.
- Nine Star Ki is hardly numerology, rather the 9 Stars are codifications for Trigrams.
- Each Star/Trigram incorporates many tens of Time and Space attributes, offering a translucent and effective method by which you can quite accurately interpret personal and global events.
- Heluo shares his vision on the year 2006 and shares the rules necessary for **you** to perform independently.
- Heluo also shows how to use your personal Stars to go about planning personal do's and do nots for 2006.
- The seminar comes with a workbook that you can further use for sustained studies after you return home.

What Nine Star Ki can do

Nine Star Ki offers a truly hands on vision on character, temperament, talent, relationships, health and career. What is more, the 9 Stars enable you to chart your life progression per year, month and day, before as well as after the fact. Nine Star Ki furthermore offers an indispensable vision on professional applications, e.g. where it comes to behavioral environments such as selection of personnel, education, therapy, matters concerning health and Nine Star Ki offers insights into directionology so that you can plan ahead any initiative or trip.

Once you know how to work from a certain day's Magic Square (consisting of annual, monthly and daily Stars) and you project this on your own person or on the news, you will be knocked away by Nine Star Ki.

Nine Star Ki is effective, accurate and it can be learned effortlessly without any prior knowledge. 9 Stars are a true journey and a must-learn for those on a quest to understand time, space and destiny. We are glad to show you how it is done and here is your chance of hearing **the same rules** as in our usual 4-day master class.

Finding your personal three Stars

You may simply refer to these tables and look up your first- second- and third Star, using your year and month of birth. First and second Stars are used to assess character, temperament, health, relationships and for purpose of divination.

Finding Your First Star

Simply look up your year of birth in this table. A year starts at either 4 or 5 February of a year, and runs right through 3 or 4 February of the following year. If your birth falls in the Gregorian period of 1 January to 4 February, you are considered as having been born in the previous year.

To find your month Star you need your first Star. Go to the column that hosts your first Star and look up your month of birth. Cross both and find your second (or 'Child') Star. If your day of birth falls between 1st and 9th of a month, chances are that you have to adopt the Star of the previous month. When in doubt, please contact via email – heluo@xs4all.nl - and I will gladly tell your Stars.

About Heluo Qi Explorations

Build up of our educational program

Besides this event, Heluo teaches intensive 4-day master classes in the Netherlands and on invitation we can conduct classes in your country. If you feel you can organize and host a similar seminar for your country, or if you are interested in hosting any of our 4-day master classes, we may just consider teaching a group of students on your behalf.

A few words on our approach of Qi studies and how we have been conducting our educational program since 1997.

We have been very much keeping to our specific **One Module Only** style of teaching since 1997, most of the time against all odds, where we perform in an environment where many programs still require their students to return to class up to six consecutive modules in order to obtain the whole teaching, only to find that the journey was perhaps a deception. Besides this, students report back how teachers seem to oftentimes draw most attention toward themselves, rather than actually establishing a true and profound link between system and student. We know, we too 'have been there' and we very much regret all this. It is not necessary.

We make sure therefore, that each of our classes run 4 consecutive days only and come with extensive teaching and authentic workbooks anywhere between 400-650 pages, while we go out of our way to keep class fees and accommodation affordable, so that no-one should ever feel he or she was not able to attend class only for monetary reasons. Our aim has been – and our class build up particularly arranged so as - to lift you up to advanced level with each class, in order to enable you to immediately and single-handedly apply the systems to your own life or to the benefit of others.

Students, seasoned practitioners and Heluo's colleagues from the following countries travelled into the Netherlands to study with Heluo: Argentina, Austria, Belgium, Germany, Greece, Poland, Ireland, Israel, Italy, Russia, Slovenia, United Arab Emirates, United Kingdom.

Ask details about the following 4-day master classes:

- I Classical Chinese Feng Shui
- II Four Pillars of Destiny
- III Nine Star Ki astrology

On your request you will be sent Table of Contents to our workbooks, just email heluo@xs4all.nl
