## **KC Mortgage Group to Offer Classes for First Time Home Buyers**

OVERLAND PARK, Kan. – KC Mortgage Group wants to educate people and help them start making smart financial decisions for themselves and their family. That's why they are offering free classes in their Overland Park office.

The first class is for first time home buyers and will take place Thursday, March 9th at 10975 El Monte Suite 212.

The class is designed to teach home buyers how to avoid costly mistakes, what financing options are available, and how to get the best house for their money.

"Education is important to us as a company," says Aaron Gedminas, educational coordinator for KC Mortgage Group. "That's why we offer these classes. We know how intimidating the process can be—especially for first-time home buyers."

While the classes are free, reservations are required. To RSVP, contact Tim by calling (913) 647-0611 or email [time@kcmortgage.com](mailto:time@kcmortgage.com).
