Infield: Use your best judgment.

Intentional Walks Use your best judgment. I prefer to use this in game changing situations, don't let your big gun drive in the winning run if the base is open.

Sacrifice: Use your best judgment. Try not to take the bat out of the hands of the big hitters.

Pinch hitting/running: Duncan and Bruntlett are the key guys on the bench.

Hit and run: This is my favorite way to use my SBA's. In the sixth with the score -2 to +1 with Bruntlett, Fukudome, Izturis, Dukes on first and Ethier, Catalanotto, Izturis, Cintron, Wilson, or Bruntlett at bat.

Steal: See Hit and Run we prefer that whenever possible over the straight steal

Positions:

Catcher- Jason Varitek and Jarred Saltalamacchia will split time behind the plate this year. Usually the starter will finish unless they are the winning run in the 9th and then look for a pinch runner (not the pther catcher).

First Base- Casey Blake should be here everyday all day unless injured. Frank Catalanotto will get a spot start from time to time.

Second Base- Team captain Ray Durham will get the bulk of the starts at second, Alex Cintron will also cover a few games. When Cintron starts if he comes to the plate late in a close game check for a better option on the bench.

Shortstop- Macier Izturis and Jack Wilson will split time at short this year. Alex Cintron is the backup.

Third Base- Rookie Evan Longoria will step in as the starter for most of the year. Cabrera will get a few starts and Alex Cintron will be the back

Outfield- Andre Ethier (lf), and Rookie Kosuke Fukudome (cf) will start almost everyday, Elijah Dukes, Brandon Moss, and Frank Catalanotto will all see time in right.

Designated Hitter- This is where Miguel Cabrera's glove will help us the most and he will get a majority of the starts, Frank Catalanotto will also get a few at bats here as well.

PITCHING:

The staff is strong this year. There are 3 big time starters and a very deep bullpen.

Starter-Cliff Lee (L13), John Danks (L12), and Greg Smith (L12) will make 97 starts this year and should complete 6 innings per game. Nelson Figueroa, Jason Hammel, Barry Zito, and Daniel Cabrera with combind for 65 starts of grade 7 and 8. They should be allowed to pitch 4 innings per game and then pitching coach Bruce Ruffin will be keeping a close eye not to let them lose a game or lead after the 4th.

Bullpen- The Bullpen is strong this year there will be 5 guys in the pen and they should be used to preserve every win possible. John Grabow or Bobby Seay will be the only lefty in the pen, but with 4 lefty starters how many do I really need. Marmol is the man at the end and should close any time a save is available. The rest of the pen includes Jose Veras, Logan Kensing, Freddy Dolsi, Jason Hammel, Kerry Wood, Duaner Sancher, and Doug Waechter. When the big 3 start don't be afraid to use multiple relievers for one or two batters to stop rallies and get the advantage over the hitter whenever possible.
